

# American Society Of Safety Engineers Kuwait Chapter

## PRESS RELEASE

### ASSE-Kuwait Chapter represents in "ASSE Global Taskforce, USA"

American Society of Safety Engineers - Kuwait Chapter is the only umbrella in the State of Kuwait providing the latest updates in HSE field for its members and also involves in public awareness programs for students and general public.

The Chapter was established in the year 2000 and it has become one of the leading international Chapter in the span of 5 years. ASSE-Kuwait chapter presently having membership base of 220 HSE professionals and leading among all ASSE international Chapters. It also received the international recognition with an award from ASSE, USA during the year 2006 for increasing its membership base by 58%. The American Society of Safety Engineers is accelerating efforts to serve it's members in more than 64 countries and become a truly global Society. The Board of Directors of ASSE, USA has constituted a Global Taskforce to further enhance its presence in all over the Globe. The taskforce will have representatives from all existing leading international chapters, viz. Kuwait, Saudi Arabia and Western Australia. In its 73<sup>rd</sup> Executive Committee meeting, Mr. Fahad Al-Qattan, President announced the selection of Mr. Garlapati Ashok, as a Kuwait Chapter representative in the Global Taskforce. He will attend the taskforce meeting at Chicago during 1<sup>st</sup> week of October'06. The ASSE-KC Executive Committee wished him the best wishes and all success in achieving the Taskforce objectives.
