

# TAKREER - Abu Dhabi Oil Refining Co.

We Refine Right

**Abu Dhabi Oil Refining Company - TAKREER - is one of Abu Dhabi National Oil Company (ADNOC's) group responsible for the operation of its two Refineries, and related ancillaries located at Ruwais / Abu Dhabi. They are seeking suitably qualified and experienced candidates for the following positions.**

**Please visit our website [www.datamaticsindia.com](http://www.datamaticsindia.com) for complete details.**

**1. Technical Services Manager** Ref. No. F-3409 / MRP  
**Salary Range in Dhs. 32745/- to 40113/- (Including allowances)**  
B.E. (Chem.) with 12 years experience in refining and oil related field of which 5 years should have been in a supervisory position.

**2. Safety Environment & Fire Department Manager** Ref. No. F-3746 / SAB  
**Salary Range in Dhs. 24742/- to 31328/- (Including allowances)**  
B.Sc. / B.E. (Chem.) with 10 years experience in various aspects of Safety, Environment, Fire and Security, preferably in an oil refinery or petrochemical plant, of which at least 6 years should have been in a supervisory position. GCC driving license would be an advantage.

**3. Training Section Head** Ref. No. F-3747 / MRP  
**Salary Range in Dhs. 22556/- to 28424/- (Including allowances)**  
B.Sc. / B.E. / Diploma with 8 years' diversified experience in training and career development in the oil / gas or petrochemical industry, with direct experience in plant operations and vocational training.

**4. Sr. Mechanical Engineer (Workshop)** Ref. No. F-3410 / KPR  
**Salary Range in Dhs. 22112/- to 27344/- (Including allowances)**  
B.E. (Mech.) with 7 years experience in diverse metal crafts including machine tooling, bench fitting and the fabrication, welding and repair, with some experience of heavy lifting equipment and vehicle maintenance and civil business, preferably with field experience in a Refinery, Petrochemical plant and power plant.

**5. Sr. Industrial Hygienist** Ref. No. F-3748 / MRP  
**Salary Range in Dhs. 22112/- to 27344/- (Including allowances)**  
B.E. (Chem.) or Diploma in Industrial Hygiene or Occupational Hygiene with 5 years experience in Industrial Hygiene in the field of Oil & Gas. Experience in oil Industry will be an advantage.

**6. Sr. Safety Engineer** Ref. No. F-3749 / SAB  
**Salary Range in Dhs. 22112/- to 27344/- (Including allowances)**  
B.E. (Chem.) with 7 years experience in various aspects of Safety and Environment, preferably in an oil refinery or petrochemical plant, of which at least 3 years should have been in a supervisory level. GCC driving license would be an advantage.

**7. Sr. Process Engineer** Ref. No. F-3412 / MRP  
**Salary Range in Dhs. 22112/- to 27344/- (Including allowances)**  
B.Sc. / B.E. (Chem.) or Petroleum Processing Engineering with 7 years experience in process and utilities of Refineries, Petrochemical or Gas plant in Process engineering discipline. Should be a proficient user of relevant Computer applications and software.

**8. Sr. Operations Engineer** Ref. No. F-3413 / MRP  
**Salary Range in Dhs. 22112/- to 27344/- (Including allowances)**  
B.E. (Chem.) with 7 years experience in oil refining or gas processing operations.

**9. Sr. Lab Chemist** Ref. No. F-3415 / KPR  
**Salary Range in Dhs. 22112/- to 27344/- (Including allowances)**  
B.Sc. Chemistry or B.E. (Chem.) with 9 years experience in a petroleum refinery laboratory with a wide range of knowledge in quality control, internationally established standard test methods / testing techniques and instrumental analysis, research applicable in particular to testing of crude oil / condensate & petroleum products, of which at least 4 years should have been in a supervisory position.

**For all the above positions sound knowledge of English is essential. The CVs mailed in response to this advertisement should also include the following: Date of birth, Health problems or handicaps if any, Marital status and children's details, Current total emoluments, Passport number with validity date, GCC Driving License No. if available and validity date.**

*Interested candidates should forward their CV to the following address in 2 weeks time from the date of advertisement quoting relevant Ref. No. to :*

## DATAMATICS STAFFING SERVICES

Eucharistic Congress Bldg III, 5 Convent Street, Colaba, Mumbai - 400 001. Tel : 66517000. Fax : 22850828.  
E-mail : takreer@datamaticsindia.com Reg. No : 3265/MUM/PER/300/3/5124/98

• Bangalore : Tel : 080 - 47237640

**10. Assistant Shift Controller** Ref. No. F-3750 / MRP  
**Salary Range in Dhs. 18704/- to 23348/- (Including allowances)**  
B.E. (Electrical / Mechanical / Chemical) with 7 years experience in operational aspects of various plants of which 3 years should have been in a supervisory position. GCC driving license would be an advantage.

**11. Sr. Control Engineer** Ref. No. F-3751 / KPR  
**Salary Range in Dhs. 22112/- to 27344/- (Including allowances)**  
B.E. (Instrumentation / Electronics) with 7 years experience in the installation, maintenance and troubleshooting of a wide range of instrumentation and microprocessor based advanced control systems in an oil / gas, petrochemical industry and / or power generation plant.

**12. NDT Engineer** Ref. No. F-3417 / KPR  
**Salary Range in Dhs. 18380/- to 22484/- (Including allowances)**  
B.E. (Mech.) with Level III qualification in ND examinations or equivalent preferred. Should have 5 years experience in Inspection and NDT testing of which at least 4 years should be in Petroleum Process plant.

**13. Environment Engineer** Ref. No. F-3752 / MRP  
**Salary Range in Dhs. 18380/- to 22484/- (Including allowances)**  
B.E. (Chem.) or with adequate training in Environmental protection and monitoring or PG Diploma in Environmental Engineering with 5 years minimum experience in a related field (Environmental Protection & Management) preferably in Refinery or Petrochemical plants.

**14. Training Instructor (Mechanical)** Ref. No. F-3422 / MRP  
**Salary Range in Dhs. 18380/- to 22484/- (Including allowances)**  
B.E. with 6 years work experience (subject to qualification as above) in Condition monitoring of heavy-duty rotating equipment, within oil / gas industry or power plants, at least 3 years of which should have been in a Training function (On-job) in his discipline. Experience in preparing Training materials and familiarity with Competency Based Programs is required.

**15. Project Engineer** Ref. No. F-3423 / KPR  
**Salary Range in Dhs. 18380/- to 22484/- (Including allowances)**  
B.E. (Mech.) with 5 years' experience in project engineering work, including experience in project design and management.

**16. Reliability Cost Engineer** Ref. No. F-3424 / MRP  
**Salary Range in Dhs. 18380/- to 22484/- (Including allowances)**  
B.E. (Mech.) with 5 years experience and specialized knowledge in statistical analysis, preventive and predictive maintenance, shutdown and major turnaround maintenance planning and costing activities preferably in an oil / gas or petrochemical industry. In depth knowledge and use of CMMS (Computerized Maintenance Material Management) systems (Maximo Preferred), Familiarity with RCM (Reliability Centered Maintenance) Techniques.

**17. Cost Control Engineer** Ref. No. F-3425 / MRP  
**Salary Range in Dhs. 18380/- to 22484/- (Including allowances)**  
B.E. (Mech.) with 5 years experience in maintenance planning, cost control and contract management, preferably in an oil / gas or petrochemical industry.

**18. Contracts Engineer** Ref. No. F-3420 / KPR  
**Salary Range in Dhs. 18380/- to 22484/- (Including allowances)**  
B.E. with 6 years experience in contracts development, in an oil / gas or petrochemical industry. Should have sound knowledge of commercial practices, legal aspects and negotiation skills and be able to utilise specialized applicable software package.

**19. Production Planning Engineer** Ref. No. F-3427 / MRP  
**Salary Range in Dhs. 18380/- to 22484/- (Including allowances)**  
B.E. (Chem.) or Petroleum Processing Engineering with 5 years experience in production planning and scheduling involving usage of linear programming for operations optimization preferably in an oil / gas or petrochemical industry.

**20. Development Engineer** Ref. No. F-3411 / MRP  
**Salary Range in Dhs. 18380/- to 22484/- (Including allowances)**  
B.E. (Mech.) with 5 years' experience in plant engineering, design and project management preferably in an Oil / Gas or Petrochemical Industry including working with computer based engineering development systems.

**21. Mechanical Supervisor** Ref. No. F-3753 / KPR  
**Salary Range in Dhs. 16532/- to 20156/- (Including allowances)**  
Diploma holder with 8 years' experience in diversified metal crafts, including machine tooling, bench fitting, tool repair, welding and sheet metal works.

**22. Instrument Supervisor** Ref. No. F-3754 / KPR  
**Salary Range in Dhs. 16532/- to 20156/- (Including allowances)**  
Diploma (Instrumentation / Electronics) with 8 years' experience in the installation, maintenance and repair of electronic, pneumatic and microprocessor-based instruments and control systems in an oil / gas or petrochemical industry.

**23. Fire Shift / Day Supervisor** Ref. No. F-3430 / SAB  
**Salary Range in Dhs. 16532/- to 20156/- (Including allowances)**  
Diploma in Fire Engineering / Fire Science with 8 years of increasingly responsible experience in the SEFO Fire Section including two years as a Lead Fireman. GCC driving license would be an advantage.

**24. Planner** Ref. No. F-3431 / KPR  
**Salary Range in Dhs. 14852/- to 18044/- (Including allowances)**  
Diploma with 6 years' experience in maintenance and planning in an oil refinery or gas / petrochemical plant.

**25. Sr. Lab Technician** Ref. No. F-3755 / KPR  
**Salary Range in Dhs. 13352/- to 16544/- (Including allowances)**  
Diploma in Analytical Chemistry with 5 years experience in a Petroleum Refinery Laboratory and familiarity with advanced computerized laboratory equipment.

OR  
HSC (Science) with 8 years experience in Petroleum Refinery Laboratory and familiarity with advanced computerized laboratory equipment.  
**26. Operator for Hydroskimmer / Power & Water / Jetty / Process Utilities / Gasoline**  
**Salary in Dhs. 11574/- (Including allowances)** Ref. No. F-3432 / MRP  
HSC / Diploma holder with 5 years experience in plant operations in an oil, gas or petrochemical industry. Fair knowledge in DCS & PLC applications.

### BENEFITS

- Free Accommodation with Furniture Allowance
- 42 Working Days Annual Leave for (serial # 1-11) - (38 Working Days for serial # 12-25 and 35 working days for serial # 26)
- Free Medical Care
- End of service benefits (EOSB)
- Upon successful completion of 6 months probationary period candidate will be entitled for :
  - Educational Assistance & Interest Free Car Loan

• Hyderabad : Tel : 040 - 40202525

• Chennai : Tel : 044 - 42482100.
